

## Social Media and Its Impact on Students

**Student Town Hall - Tuesday, January 7, 3:30 to 5:00  
pm**

**PA Meeting Panel Discussion - Tuesday, January 14,  
6:30 pm**

SOF is having a student Town Hall on Tuesday, January 7, from 3:30 to 5:00 to explore social media and its impact on students. Stacy, John, and some of the faculty will join with students to discuss:

1. What social media is hot and what's not?
2. Why does social media appeal to students?
3. What are the benefits and risks of social media for students?
4. Ever wonder what will happen to all the messages and pictures you send to social media sites? How permanently is it out there for people to discover when you apply to schools and jobs?
5. What best practices should students consider to be safe and smart users of social media?
6. What are the next steps, if any, for involving SOF and our families regarding social media?

The Town Hall includes pizza and is open to Middle School and High School students who register, in advance, by sending an email with the subject line Social Media and their name and grade to [SOFPAHotTopics@gmail.com](mailto:SOFPAHotTopics@gmail.com). Space is limited to the first 50 students who respond by Friday, January 3. You will receive an email to confirm your registration along with a copy of a PowerPoint about your digital footprint by an expert in the field.

The Town Hall findings will be presented as part of a panel discussion at the Parent Association meeting on Tuesday, January 14, at 6:30. Students are encouraged to attend this SOF community meeting on social media with their families.
