

March 26, 2015

Dear SoF Families,

In our efforts to advocate for our school community regarding the proposed construction project, the Task Force is looking for an SoF parent who has experience as a publicist.

This person would assist the Task Force in our dealings with local politicians, the press and the community.

Please let us know if you have publicity experience and are interested in helping, especially if you have connections with the press or politicians that could help us in our advocacy efforts.

Sincerely,

Stacy & John
