## **New Mayoral Campaign Volunteer Opportunity**

The de Blasio campaign is accepting applications for its Fall Organizing Fellowship. This may be a good experience (and resume item) for any high school students, college students, or recent grads you may know. It requires a commitment of 15 hours/week until election day. Organizing Fellows will learn the principles of grassroots organizing and immediately apply them by working directly with Field Organizers to build teams, recruit volunteers, and contact and turn out voters to support Bill de Blasio in the the November 5th General Election.
