

2020 SENIOR SPOTLIGHT

MARIAH CABRERA

College: Brooklyn College

GPA: 92%

Intended Major: Biology

Extra-Curricular Activities: Science Club, Model UN, Varsity Handball and Soccer

Favorite Class: Physics

Bucket List: Travel the world, skydive, work with elephants

SOF Faculty Influences: Mr. Underriner, Ms. Thompson, Ms. Murphy, Felix Shen

Plans after graduation: I was supposed to go to Disney World.

Favorite SOF memory

When I fell down the stairs in the morning and looked back to see if anybody saw and I made direct eye contact with Mr. Miranda.

Advice I would give my freshman self

"Hard work pays off!!" :)

What will you miss most?

Running up to Bridget in the halls and getting iced coffee in the morning.

Teacher quote

"Mariah, I'm constantly inspired by your multitudes. Your love of science, soccer, animals, handball, international relations (and more), might seem incongruous to many, but they're actually the pieces that make you whole. Keep making the world a richer and more complex place." - Ms. Thompson
