Favorite SOF memory

Everyday telling Samaria to “shut up” and waiting for her reaction.

Advice I would give my freshman self

“It’s better to walk in late with breakfast than no breakfast.”

What will you miss most?

I’ll miss being in Felix’s room during lunch and making the funniest and best memories. The best outcome of coming to SoF is being around people who want to succeed with you and care about you.

Teacher quote

“Meryll is one of the funniest students of the grade. Don’t let her tough exterior fool you. She is a very caring, polite and mature young woman. I appreciated that she took her general manager duties very seriously and was a big part of why the basketball team was so close and successful this year. I’m happy I got to know her better this year and love it when she cracks herself up with her own jokes! ” - Felix Shen
