Teacher quote

"Simon is a person of many talents. He's someone who is incredibly intelligent, strong willed and perceptive. His sharp wit and personal gravity have aided his intellectual and social pursuits during his time at SoF. I know that whatever field he pursues, I can say he will deepen the significance and momentum of that field because that is what Simon does naturally and with consistent tenacity. He will be dearly missed by many of the staff and we wish him the best of luck in his pursuits."
