Seeing my friends!

Teacher quote

"Areeba has always struck me as a student with great care for her work, empathy for others, and having a smart and witty personality. When Areeba was my student intern during her junior year, I enjoyed getting to know more about her family, her life growing up in Pakistan, and the future college and career goals she has set for herself. I know she'll get much out of her time at the University of Washington as well as give much to her peers there. Best of luck always Areeba!" - Ms. Thole
