Plans after graduation

Go to college

Favorite SOF memory

Games club

Advice I would give my freshman self

"Do more extracurricular activities and study harder"

What will you miss most?

Lunchtime with the bois and in the cafeteria

Teacher quote

"Kiran is a top student who has demonstrated college readiness and amazing work habits. His sharp focus and advanced intellect allowed him to develop an impressive level of coding knowledge and questioning skills. Aside from this, Kiran is a kind, helpful student with a very friendly personality who contributed a lot to the Computer Science classroom culture. His computing and collaboration skills will allow him to open doors to many opportunities which can lead to a career at Microsoft, Google or similar if interested" - Mr. Irmina
