RONAN SCHNEIDER

College: Illinois Institute of Technology

Intended Major: Mechanical
Engineering

Extracurriculars: Pre-professional
ballet at Joffrey Ballet and SAB; SOF
Robotics Team; L'Taken

Favorite Class: Physics II

Bucket List: Skydiving; take an
extended road trip across with my
friends

SOF Faculty Influences: Mr.
Underriner

Plans after graduation

I am taking a gap year to dance and
travel, then college

Favorite SOF memory

Playing D&D with the homies

Advice I would give my freshman self

"Enjoy yourself and have fun."

What will you miss most?

My friends. It has been an amazing seven
years at SOF, thank you to all my teachers
and friends, and I am going to miss
everyone. I won't miss all the burning hair.

Teacher quote

"Ronan is a curious tinkerer, motivated
problem solver, and energetic "big idea"
guy. Motivated by a limitless curiosity and
hunger for knowledge (and Mr. U's snacks),
Ronan is constantly thinking and doing big
things. His creative ingenuity, seen in his
work and his humor, make him a special
person to have in class." - Mr. Underriner
