Favorite SOF memory

Anytime we went to Mr U's during study hall and played card games.

Advice I would give my freshman self

"Remember to enjoy yourself... stop procrastinating too"

What will you miss most?

The coffee cart man and my friends

Teacher quote

"Sophia is a kind, generous and sharply intelligent person who I had the absolute pleasure of working with over the past two years in English class. She is a clear leader, one who is encouraging as well as thoughtful when it comes to incorporating differing opinions and ideas while keeping her own ideas intact. Her finished writing projects and class discussions. I am sure she will do incredibly well in whatever field she decides to pursue in her life. She will be dearly missed by me and many of the SOF staff." - Ms. Whittemore
